Ready Rack®

BY GROVES INC.

"WE TAKE CARE OF THE GEAR
THAT TAKES CARE OF YOU"

ABOUT THE COMPANY

Since 1980, Ready Rack, Inc. has been a leader in storage and transportation systems. After pioneering the open-air turnout storage system to support the fire and safety industry, Ready Rack, Inc. expanded its product line to include storage racks, cleaning and drying equipment, hose, and SCBA storage.

In the Fire and Safety industry, many of our distributors are firefighters who often work as expert sales consultants for our Ready Rack® and Red Rack™ products. Our business plan allows these heroes to earn extra income for their families while providing our customers with real hands-on product knowledge.

Located in Woodstock, Illinois, Ready Rack, Inc. designs, engineers, assembles, and warehouses our products. Both domestically and abroad, our products are manufactured to strict quality standards by fully vetted manufacturing companies. We are committed to providing the highest quality products at competitive prices, while constantly looking for opportunities to better solve our customer's needs.

ADDITIONAL INFORMATION

Orders: All orders ship F.O.B Woodstock, IL unless otherwise noted at the time of purchase. $30.00 per pallet charge applies for all orders shipping via common carrier when a pallet is required.
*Custom Colors: Some products available in custom colors. Extended lead times and additional charges may apply. **Warranty:** Red Rack™ and Ready Rack® products come with a limited 5 year warranty. Additional product warranties may apply. Request warranty documents for more info.
**Other:** Architect specs and custom quotes are available upon request. Please call for additional options and information.

GEAR GUARD

MADE IN NORTH AMERICA

Designed to protect gear from UV degradation and particulates from diesel exhaust which increases the threat of cancer.

• Available for all Red Rack™ units*
• 8 oz. PVC laminate UV shield that is abrasion and tear resistant
• Fabric is anti-microbial and self deodorizing
• Fluid proof, stain resistant and can easily be cleaned
• Has anti-static properties and is flame retardant
• Thread is constructed of heavy-duty UV resistant polyester
• Heavy-duty #5 molded plastic zippers
• Label holder on front of unit

Gear Guards can be created for other Red Rack™ products. Call with questions and pricing.

*As gear guard covers are made to fit specific locker sizes and runs when ordered, they are considered custom order items. As such, they cannot be returned.

REDUCE CARCINOGENIC CONTAMINANTS
throughout your PPE

TRUST THE SCIENCE
Go beyond cleaning with Decon Ready™

Conventional detergents are designed to remove visible dirt and grime so your gear looks clean. What about the hazards entangled in your gear that you can't see? Decon Ready™ solutions are formulated with science-based technology to go beyond cleaning by significantly reducing carcinogenic contaminants including VOCs, PAHs, and heavy metals. Decon Ready™ products ensure gear remains service worthy while also improving the health and wellness of firefighters and first responders.

PPE LAUNDRY DETERGENT

Decon Ready™ PPE Laundry Detergent washes and protects clothing and turnout gear by following NFPA 1851: 2020, making it easier than ever to ensure your protective gear lasts longer! Decon Ready™ PPE Laundry Detergent can pull out dirt, toxic chemicals, metal oxides, plastic residue, soot, drug residue, and cationic nuclear isotopes from turnouts without including harmful chemicals such as D-limonene. In addition, this detergent doesn't contain any citrus-based solvents! In short, Decon Ready™ PPE Laundry Detergent keeps your gear clean without destroying it in the process!

Available in 1 gallon and 5 gallon containers

- Complies with the newly passed NFPA 1851: 2020 requirements
- Does not contain citric-based cleaners such as D-limonene
- Decon Ready™ PPE Laundry Detergent cleans off hydrocarbons, soot, grease, oil, cancer causing metal oxides, plastics, chemicals, and all three classes of contaminates
- Adjustage pH prolongs the life of expensive PPE coatings
- Offers improved CDC developed decon science and leaves no residue, preventing on scene flash-offs
- Does not contain fragrance, optical brighteners, whiteners or bleach
- New patent-pending innovative technology decontaminates and cleans without damaging expensive turnout gear

Exceeds NFPA 1851
Advanced Cleaning Characteristics by Reducing Carcinogenic Compounds:
VOCs, PAHs, Heavy Metals

ITEM #:	DESCRIPTION:
DRLD-1G:	1-Gallon Container
DRLD-5G:	5-Gallon Container

PPE MULTI-SURFACE CLEANER

Firehouse and PPE cleaners need to be tough without leaving anything harmful behind or damaging expensive gear! Many cleaners that take on oil, grease, and soot can harm your health or damage PPE. For this reason, Decon Ready™ PPE & Multi-Surface Cleaner goes above and beyond typical all-purpose cleaners. In addition to being safe to use on PPE, it is also safe for the fire apparatus, helmets, SCBA, and more!

Available in 1 quart spray bottles

• Effective and versatile cleaning capabilities
• Decon Ready™ PPE & Multi-Surface Cleaner removes hydrocarbons, soot, grease, oil, cancer causing metal oxides, plastics, chemicals and other toxins
• Simply wipe or rinse dirt away
• Ready-to-use and environmentally safe
• Does not contain citric-based cleaners such as D-limonene
• Does not contain denatured alcohol which hurts the protective coating on your gear
• Does not contain fragrance, optical brighteners, whiteners or bleach

ITEM #:	DESCRIPTION:
DRMSC-1QT:	1-Quart Spray Bottle

FOAMING SKIN CLEANSER

Decon Ready™ Skin Cleanser is a foaming soap designed to help firefighters safely lift toxins away from their skin after the job or handling dirty gear. This firehouse cleansing soap does not contain trisodium phosphates, which are dangerous to first responders because they may help transport toxins deeper into the skin layers and possibly into the bloodstream. Decon Ready™ Skin Cleanser does everything your regular soap does and more. This makes it an essential for firefighters to reduce exposure to cancer causing contaminants.

Available in 1 gallon pump bottles

- Removes soot, chemicals, metals, VOCs (Volatile Organic Compounds), drug residue, dirt and grime from your skin
- Does not contain harmful chemicals like EDTA and phosphates, nor skin softeners like aloe vera that open skin pores to allow toxins to enter the bloodstream
- Improves firefighter hygiene
- Does everything regular soap does plus removes cancer causing contaminants as well as dirt and grime
- Pleasant lemongrass scent

ITEM #:	DESCRIPTION:
DRFSC-1G:	1-Gallon Pump Bottle with (2) 18.5 oz. empty pump bottles
1G-WMB:	Wall Mount Bracket for 1-Gallon Bottle

RESPONDER WIPES

Responder Wipes are developed by a firefighter for firefighters. They are uniquely formulated with Micellar Water, an innovative ingredient with cleansing compounds that dissolve dirt, oil, soot, and other hydrocarbons. Micelles gently lift away toxins and contaminants, and draw out impurities from pores while hydrating your skin more effectively than traditional cleansing wipes.

Responder Wipes are specifically designed to help remove carcinogens and contaminants from the skin. Utilizing Responder Wipes as soon as possible can help reduce the risk of exposure to contaminants and help reduce the risk of cancer.

- Size options: 8" x 8" / 8" x 12" / 24" x 12"
- Three-year shelf life
- Aloe and Alcohol free

ITEM #:	DESCRIPTION:
RW-SMALL PACK:	(20) 8" × 8" Wipes in a resealable Pack
